Inspired by the 10 avatars of Lord Vishnu, Marasa Sarovar Premiere Tirupati in Andhra Pradesh is the ultimate destination for travellers. Whether you're planning a trip to the temple town to seek the blessings of the divine or you just want to unwind, the hotel is the perfect retreat.

Located on the foothills of the Tirumala Hills, Marasa Sarovar is 33 minutes away from the renowned Lord Venkateshwara Temple situated in the picturesque Tirumala hills. Managed by the Sarovar Hotels & Resorts and designed by Shimul Javeri Kadri of SKJ Architects, the hotel is an architectural marvel. After an exhausting journey, the warmth of the hotel staff fills you with positive energies. A traditional welcome, complete with a *tikka* ceremony ensues, followed by *Panakam*, a customary drink which is a mixture of jaggery, dry ginger, black pepper and cardamom. As you sip on the refreshing drink, a turquoise green stucco wall in the reception area depicting Lord Vishnu's incarnations, catches your attention.

Uniquely conceptualised and designed around the Dasavatars of Lord Vishnu:
