Press Release

Going Green! Wonderla Hyderabad installs 500kW solar plant

Hyderabad, September 20, 2016:

The newly opened **Wonderla Amusement Park, Hyderabad**, has become the first amusement park in the country to set up a solar plant with an installed capacity of 500kW. Mr Jayesh Ranjan, IAS, Secretary, Information Technology, Electronics & Communications Department, Government of Telangana would inaugurate the solar unit on the park premises on September 20.

The move is seen as a firm step in Wonderla's endeavour to build environment-friendly parks in India. The installed solar plant will generate 2000kWh daily and it is expected cater to 25 percent of Wonderla's daily power requirement; which can be enhanced to 1000kW.

To promote the idea of Sustainable Entertainment, Wonderla has also instituted Wonderla Environment & Energy Conservation Awards for schools with a view to encourage and recognize their efforts in environment protection.
