Evolve Back Resorts in association with BLADE India to launch by-the-seat helicopter services in Karnataka

14 Apr 2022 by Anithya Balachandran

Evolve Back Resorts in association with BLADE India launches scheduled by-the-seat helicopter services between Bangalore – Evolve Back, Coorg and Evolve Back, Kabini.

Travel from Bangalore to both Coorg and Kabini takes six-seven hours by road which will be reduced to an hour-long transit by air. Flights from Bangalore will take off from Jakkur Aerodrome for Evolve Back, Kabini and Evolve Back, Coorg.

Jose Ramapuram, Director of Marketing at Evolve Back said, "We have always believed in providing a hassle-free luxurious experience to our customers. Our collaboration with BLADE helps us elevate that experience through this additional service. We look forward to introducing this travel option in our other properties as well."

Commenting on expansion of its services in the Karnataka market, Amit Dutta, MD, BLADE India said, "BLADE's urban air mobility solutions have been designed to connect remote locations more efficiently. As Bangalore is one of the most traffic-choked cities, traveling to nearby leisure destinations by road has always been an ordeal. With our new 'by the seat' services, we aim to ease the transit for customers."
