MANAGEMENT DISCUSSIONS & ANALYSIS

Industry Structure, Development, Opportunities and Outlook

The Indian tourism and hospitality industry have emerged as one of the key drivers of growth among the services sector in India. Tourism in India has significant potential considering the rich cultural and historical heritage, variety in ecology, terrains and places of natural beauty spread across the country. Tourism is an important source of foreign exchange in India similar to many other countries.

The Indian hospitality sector witnessed a rapid and strong recovery post the third wave in January 2022, driven by growth in demand for leisure, wedding, and business travel. Whilst the beginning of Q1 2022 was slow, in February and March rapid revival was witnessed in the domestic leisure as well as meetings, incentives, conferences and exhibitions (MICE) and business travel demand segments. Many hotels in major metropolitan cities witnessed significant growth in domestic business travel. Furthermore, the sector witnessed signs of revival of international business travel as senior management personnel started visiting their offices in India after more than 2 years.

There were several highs during 2021 viz. sharp rebound in leisure, weddings, some MICE and some SME business travel, when operations were permitted, quicker recovery pace from the second wave compared to the gradual path up from the first wave, helped also by lesser restrictions, better awareness and planning; recovery from wave 3 appears even quicker, domestic demand and rate propensity are a huge gain, several destinations have emerged; others have gained momentum; Kashmir is back, cost rationalisation across the board has helped meet operating expenses.

However, corporate demand was largely missing – domestic and inbound business travel and MICE, absence of inbound travel generally affecting other aspects of demand. Harsh second covid wave in April and May and a third wave hit at the very end of the year 2021, frequent restrictions on wedding and event sizes, and F&B operating hours, staffing issues with inability to bear fixed costs, cash flow stress due to low margins or losses affected the business.

The Q2 2022 was good and Q3 & Q4 2022 are expected to remain busy on the back of domestic leisure amidst the summer holidays. Continued growth in business travel is expected as most people have resumed work from the office and are travelling for client meetings as well as project work. The domestic segment will continue to drive demand for both corporate and leisure travel while international travel is expected to witness steady and cautious growth over the next couple of quarters. The easing of restrictions on social gatherings and the delays caused by the third wave of the pandemic has resulted in a surge in demand for weddings and social events.

Jaipur had a good 2019 but occupancy declined in the Mar-Dec 20 period. The market regained in 2021 but still has a long way to go. In terms of Occupancy, Jaipur had a good Q1, an awful Q2, sharp recovery in Q3 and a healthy Q4 in 2021. Agra suffered from its lack of draw (other than Taj Mahal) causing RevPAR to come in below Rs.2000/-. Lucknow continues to draw attention during the period. It typically draws a mix of demand for business, administrative and political purposes, institutional MICE, and weddings. Lucknow, considering that the city has a larger supply base, had around 48% occupancy at ARR approximately Rs.3500/-. The airport will expand and the city is growing materially so that hotels will continue to be supported by F&B and banquet revenues.

Risks, Concerns and Threats

The industry would face many challenges when times are bad. The industry must identify and address some fundamental issues to overcome them viz.:

- The cyclical nature of economic activity means that good times have limited shelf life, and the tendency is to more than fully encash the opportunities. A deeper strategy would help deepen and widen the demand base for more lasting value.
- Hotels must focus on Repair and Renovation. Stresses on budgets and funding caused several hotels to cut back on repairs, maintenance and renovation. These need attention sooner than later – longer the gap, bigger the need; and it needs to be physically ready for a demand surge.
- As recovery occurs, the approach to different segments must be planned with a vision. It is easy to seek the pre-covid old occupancy pattern but this did not include the wider domestic leisure market that has arisen so significantly (almost like a sphinx in pandemic times) – this segment needs to be nurtured for its value ability and quantum which could help deepen hotel performances and support expansion.
- Weddings have been a revenue boost. Interestingly, restriction on sizes has benefitted hotels with smaller banquet capacity. Hotels must gain from the demographic dividend, brought by weddings.
- Branding and brand standards are always a debate. Brands must re-assess their value proposition, policies, success parameters, and brand standards for better alignment with the Indian market; and commitments should be looked at more robustly.
- Staff is another critical risk. During the recession, many employees were rooted in their jobs because it was so difficult to find work elsewhere. As the economy improves, staff will have more options both in and outside the industry. This means hotels are at greater risk of having their key personnel poached by their competitors. Travel and hospitality companies need to address any demographic, wage level and worker satisfaction issues to ensure their staff remains motivated and content.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination has been limited to a review of the procedures and implementation thereof adopted by the Company for ensuring compliance with the conditions of the Corporate Governance as stipulated in the said Regulation. It is neither an audit nor an expression of opinion on the financial statements of the Company.

Note: SEBI vide its order dated 30.09.2019 has granted the Company relaxation from the applicability of regulation 8(1B)(i) of SEBI (Delisting of equity Shares) Regulations, 2009 (limited to the extent of compliance with minimum public shareholding norms) for the specific purpose of seeking voluntary delisting of its equity shares, subject to certain conditions. Accordingly, the Company has initiated the process of delisting of the equity shares from BSE Limited after obtaining approval of shareholders and In-principle approval for the same is awaited from BSE as on date of issue of this certificate. Further, SEBI has granted extension to the Company till 31st December, 2021 to complete the delisting process.

The Board in its meeting held on 20.08.2017 has decided to defer the consideration of the said matter of RPT’s till the final decision of the NCLT. Due to this reason, these RPT’s are not entered in the Register maintained under Section 189 of the Companies Act, 2013. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of financial statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No.	Key Audit Matter	Auditor's Response
1	The company has two properties in Agra i.e. property no. 54 and property no. 53A at Taj Road, Agra. Both the properties are leasehold properties for a total lease period of ninety years containing three terms of thirty years each. The final lease term of property no. 54, where Hotel of the company Clarks Shiraz is situated is expiring in the year 2051. However final lease term of property no. 53A (land area 1.79 acres) has expired during the year on 15.05.2021. The company owns this property since 1992. On Property no. 53A, office of Comdt. NCC is situated for which the company is getting rent of Rs. 131/- per month. Since the final lease term is over in May, 2021, the company has sent a request letter dated April 24, 2021 for renewal of the lease to competent authority i.e. The Defence Estate Officer, Agra. Reply from competent authority is awaited.	We have studied and analyzed original lease deed of property no. 53A, ownership papers in favour of company and request letter for renewal of lease for further period. As the original lease term of ninety years is already over, the outcome of request letter of the company for further renewal of lease will be known only on the receipt of communication from competent authority.

Information Other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for preparation of the other information. The other information comprises the information included in Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the company in accordance with applicable Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the company or to cease the operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedure responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transaction and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factor in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosures about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2(f) under the heading “Report on Other Legal and Regulatory Requirements” of our report of even date on the financial statements of U. P. Hotels Limited for the year ended 31st March 2022)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **U. P. Hotels Limited** (“the Company”) as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial control. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management, override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

1.2 Use of Estimates and Judgements

The presentation of financial statements in conformity with Ind AS requires the management of the company to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported balances of assets and liabilities, disclosures of contingent assets and liabilities as at the date of financial statements and the reported amount of revenues and expenses during the year. Examples of such estimates include provisions for doubtful debts, employee benefits, provisions for income taxes, useful life of depreciable assets and provisions for impairments & others.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. An intangible asset is derecognized on disposal, or when no future economic benefits are expected to arise from continued use of the asset. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in the Statement of Profit and Loss when the asset is derecognized.

1.5 Depreciation/Amortisation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

- a) Depreciation on fixed assets is provided on straight-line method at the rates prescribed by the schedule II of the Companies Act, 2013 and in the manner as prescribed by it.
- b) Intangible assets are amortized over their respective individual estimated useful life on straight line basis, commencing from the date the asset is available to the company for its use. Unserviceable / damaged / discarded inventories and shortages observed at the time of physical verification are charged to Statement of Profit & Loss.

1.7. Foreign Currency Transactions / Translations

Initial Recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition

As at the reporting date, non-monetary items which are carried at historical cost and denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value denominated in a foreign currency are retranslated at the rates prevailing at the date when the fair value was determined.

Income and expenses in foreign currencies are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in the Statement of Profit and Loss.

1.8 Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

1.9 Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of minimum lease payments at the inception of lease, whichever is lower. Leases under which the risks and rewards incidental to ownership are not transferred to lessee, is classified as operating lease. Lease payments under operating leases are recognized as an expense on a straight line basis in the statement of profit and loss over the lease term.

2.0 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

i) Initial Recognition and measurement

On initial recognition, all the financial assets and liabilities are recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability except financial asset or financial liability measured at fair value through profit or loss ("FVTPL"). Transaction costs of financial assets and liabilities carried at fair value through the Profit and Loss are immediately recognized in the Statement of Profit and Loss.

ii) Subsequent measurement

a) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit or loss (FVTPL)

A financial asset is measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income.

d) **Investments in subsidiaries, joint ventures and associates**

The Company has adopted to measure investments in subsidiaries, joint ventures and associates at cost in accordance with Ind AS 27 and carrying amount as per previous GAAP at the date of transition has been considered as deemed cost in accordance with Ind AS 101.

e) **Financial liabilities**

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL. Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

iii) **De-recognition of financial instruments**

A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expired.

iv) **Fair value measurement of financial instruments**

The fair value of financial instruments is determined using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer.

In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

2.1 Impairment of Assets

i) **Financial Assets**

In accordance with Ind AS 109, the company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in statement of profit or loss.

ii) **Non-Financial Assets**

The carrying amounts of the Company's tangible and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any.

The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

2.2 Revenue Recognition

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the amount can be reliably measured.

a) Revenue is measured at the fair value of the consideration received or receivable. Revenue comprises sale of rooms, food and beverages and allied services relating to hotel operations.

Revenue is recognized upon rendering of the service, provided pervasive of an arrangement exists, tariff/ rates are fixed or are determinable and collectability is reasonably certain. Revenue from sale of goods or rendering of services is net of Indirect taxes, returns and discounts.

b) Dividend income is accounted for when the right to receive the income is established.

2.3 Interest

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

Income from interest is recognized using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

2.4 Income Taxes

Income tax expense comprises current tax and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income, in which case it is also recognized in equity or other comprehensive income respectively.

Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred tax assets and liabilities are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

2.5 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.6 Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

2.7 Earning per share

Basic earning per share is calculated by dividing the net profit or loss for the year attributable to the equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating the diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as at beginning of the period, unless they have been issued at a later date.

2.8 Employee benefits

Defined contribution plans –

Company's contribution paid / payable during the year to Provident Fund & Employees State Insurance are recognized in the Statement of Profit & Loss. Provident Fund & Employees State Insurance contributions are made to a government administered

Provident Fund & Employees State Insurance Corporation towards which the company has no further obligation beyond its monthly contribution. The contributions are recognized as employee benefit expenses when they are due.

Defined benefit plans –

Gratuity

The Company makes annual contributions to gratuity funds administered by the trustees for amounts notified by the funds. The Gratuity plan provides for lump sum payment to vested employees on retirement, death or termination of employment of an amount based on the respective employee's last drawn salary and tenure of employment. The Company accounts for the net present value of its obligations for gratuity benefits, based on an independent actuarial valuation, determined on the basis of the projected unit credit method, carried out as at the Balance Sheet date. The obligation determined as aforesaid less the fair value of the plan assets is reported as a liability or assets as of the reporting date. Actuarial gains and losses are recognised immediately in the Other Comprehensive Income and reflected in retained earnings and will not be reclassified to the Statement of Profit and Loss.

Leave Encashment

The liability of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method.

3.0 Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

After the Extra-ordinary General meeting held on 23.07.2013, the bonus shares could not be issued to the public shareholders as 62.5% of promoter shareholders did not relinquish their right to Bonus shares and thus could not maintain/comply with the MPS requirement. The said board resolution and the shareholders' resolution are also subject to status quo order dated 20.03.2013 in a civil suit filed before a Civil Court at Lucknow bearing Regular Suit No. 1574 of 2012, titled Birendra Kumar & Ors. Vs. Sushil Kumar & Ors. ("Civil Suit"). The said Civil Suit is filed by three members of the promoter group family against other family members wherein the Company is also a party to the same.
